Dr. Richard G. Brill Announces Retirement Plans

Dr. Richard G. Brill will retire next June after serving twenty-six years as superintendent of the California School for the Deaf, Riverside.

Dr. Brill has accepted the Dr. Powrie Doctor Chair as Professor of Deaf Studies at Gallaudet College in Washington, D.C.

The Dr. Powrie Doctor Chair is awarded each year to a leading educator of the deaf for outstanding contributions in the field of deaf education.

Dr. Brill came to Riverside in 1951 to supervise construction and hire

teachers for the state's second school for the deaf.

The school opened in February of 1953 with an enrollment of 56 students and teachers. Today the school has an enrollment of 570 students and 134 teachers.

Dr. Brill holds a doctorate from Rutgers University and degrees from Gallaudet College and the University of California, Berkeley.

Dr. Brill and his wife Ruth plan to retire to their home in San Clemente after completing his year of work at Gallaudet.

Administrative Changes

Deaf Multi-Handicapped Unit

Mrs. Bucceri became principal of the Deaf Multi-Handicapped Unit II in September, 1976. Her previous position had been that of Unit Administrator of Unit VII at the Ebensburg State School and Hospital in Ebensburg, Pennsylvania.

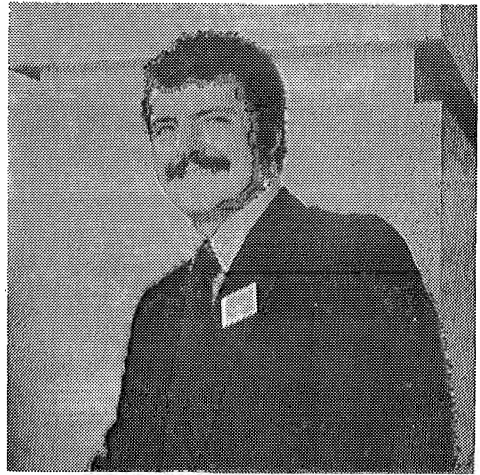

Mrs. Bucceri, originally from Johnstown, Pennsylvania, was awarded a Bachelor of Science Degree in Elementary Education from the University of Pittsburgh and a Master of Education Degree from the same university. She was also graduated from California State University, Northridge, with a Master of Arts Degree in School Administration and Supervision in the National Leadership Training Program in the Area of the Deaf, class of 1976.

Professionally, Mrs. Bucceri had been a substitute teacher in the Johnstown City School system and at the Western Pennsylvania School for the Deaf, a teacher in the Cambris County Head Start Program in Pennsylvania, a Girl's Counselor at Western Pennsylvania School for the Deaf, an instructor of the mentally retarded deaf at Ebensburg State School and a supervisor of the Aural Rehabilitation Program at the Ebensburg State School.

Mrs. Mary Ann Bucceri
Principal, Deaf Multi-Handicapped Unit II

Vocational School

Mr. Steven A. Shouse
Principal, Vocational School

Mr. Steven Shouse, who became Vocational Principal in September, 1976, is a native of Indiana. He earned both his B.S. and M.A. degrees at Ball State University in Muncie, Indiana in the areas of industrial education and deaf education. He has also done graduate work at Purdue University and Indiana State University.

In November 1967, he began teaching in the Vocational Department at the Indiana School for the Deaf. During his nine-year tenure at that school, he taught cabinet making, general shop, mechanical drawing and basic photography. In 1970, he established the school's cooperative vocational education program. While serving as coordinator of that program, he placed more than one hundred deaf students in competitive part-time employment as part of their high school program.

Mr. Shouse has also been actively involved in several professional organizations. He has served as a contributing author for two books and wrote a booklet, "Cooperative Vocational Education", for use in his work experience program.

As Vocational Principal he plans to further develop community resources and improve and expand vocational opportunities for our students.

Mr. Shouse is married, has twin sons who began kindergarten this year, and lives in Riverside.

CSDR Welcomes New Teachers

Mr. Rod Brawley

Mr. Brawley is a new teacher in the Junior High School. Prior to becoming a classroom teacher at CSDR Rod was the coordinator of the Title IV C Project, Multi Media Instruction in Total Communication. This project involved the development and production of a cartridge film series designed to assist in the development of manual communication skills.

Mr. Brawley earned his B.A. in anthropology from California State University, Chico. He earned his M.A. in communicative disorders at California State University, Fresno. After graduating from the training program in Fresno he pioneered an experimental program in parent counseling and infant education in Merced, California.

Mr. Tom Bryden

Mr. Bryden is teaching social science classes in the High School. He was born in nearby Loma Linda and graduated from high school in Colton, California. He went to college at the University of Redlands where he majored in math, business, and engineering. Later he went to California State University, Fresno, where he majored in education and received his M.A. in education of the deaf. He enjoys skiing, backpacking, fishing, and other outdoor recreation in his free time.

Miss Sharon Corpolongo

Miss Corpolongo is currently a member of the Elementary School staff at the California School for the Deaf. She began teaching here at CSDR in January of 1976.

Miss Corpolongo received her B.S. degree in deaf education at Eastern Michigan University in Ypsilanti, Michigan. She came to California in August of 1975 and made her home in Long Beach, where she still lives. She is very pleased to be a California resident.

Miss Corpolongo enjoys camping, hiking and water sports.

Mr. Brad Haskell

Mr. Haskell is teaching shop reading in the High School. He was born in Idaho Falls Idaho, and his family moved to

California when he was ten years old. He received his B.A. in speech pathology from California State University, Fullerton, and his training in deaf education in the John Tracy Clinic. He completed his Master's degree at U.S.C. this summer. He enjoys skiing, surfing, and sailing very much.

Miss Janice Kavosi

Miss Kavosi was born in Ontario, Canada, and she attended school in Detroit, Michigan, and Ontario. She is a deaf graduate of Gallaudet College with a B.A. in English and an M.E.D. from Western Maryland College. She also took some post-graduate work at Gallaudet. She taught at Whitney Young High School in Chicago before coming to CSDR.

Now she is with a new program which is vocationally related, and her specialty is shop English.

Mr. Mitchell Kurs

Mr. Kurs is currently teaching mathematics and reading in the High School. For two years prior to this year, he was on the teaching staff of the Deaf Multi-Handicapped Unit.

His wife Alice is presently working in Pachappa II with Elementary School boys.

Mr. Kurs is a native New Yorker. He attended the Lexington School for the Deaf and graduated from the New York School for the Deaf (Fanwood). He went to Gallaudet College where he received his B.A. in mathematics and an M.A. in deaf education.

Beside teaching, he is a sponsor of Junior NAD.

Mr. Robert K. Manchee

Although Mr. Manchee is a native of New Jersey, he considers himself a Texan since he lived in Texas for twenty-four years. He received a B.A.T. from Sam Houston State University in 1974. After receiving this degree, he worked as a houseparent at the Texas School for the Deaf in Austin for one year. In 1975 he entered Lamar University, where he received an M.S. in audiology and deaf education in 1976.

Mr. Manchee has four brothers, one of whom is deaf. This brother attended the Texas School for the Deaf in Austin. Mr. Manchee plans to continue his education in the area of the deaf while in California.

Miss Linda Thorson

Miss Thorson was a student teacher at CSDR last spring when she taught in the Elementary School with Miss Toner.

She has lived in over twenty different places, beginning in Hawaii where she was born. She now lives in Manhattan Beach.

Miss Thorson received a degree in psychology from U.C. Santa Cruz and a degree in deaf education from the John Tracy Clinic. She is now teaching in the High School and directing this year's cheerleaders.

CSDR Welcomes New Counselors

Miss Paula C. Barbacki

Miss Barbacki comes from Holyoke, Massachusetts where she graduated from Holyoke High School and Holyoke Community College. She earned an associate of arts degree in early childhood education while at Holyoke Community College. Miss Barbacki moved to Riverside, California in June 1975. During the 75-76 school year, she was employed at CSDR as a student aide. Miss Barbacki enjoys astrology, reading, sports, and being with people.

Mrs. Nancy Bielik

Mrs. Bielik is a new counselor in Shasta IV. She attended the California School for the Deaf at Berkeley from 1961 to 1965. She attended Gallaudet College from 1969 to 1971 and transferred to La Sierra College in Riverside where she is majoring in consumer related science. She hopes to graduate this year.

Ms. Linda Hughes

Ms. Hughes graduated from Moreno Valley High School in 1966. She attended RCC and received an associate of arts degree in secretarial training.

Ms. Hughes worked as an intermittent counselor in 1974 and spent a summer working at a camp for the blind and deaf in the Malibu mountains.

She returned to CSDR as a counselor in a full time position in April 1975.

Miss Vicky L. McAlexander

Miss McAlexander grew up in a rural community near the Arizona-California border. Last year, while attending college, she worked as a student aide in Pachappa III. She is very happy to be a counselor in Pachappa III this year. She has spent the past four summers working in summer camps in the San Bernardino mountains. She is looking forward to a good year in Pachappa III.

Mr. Luke Nurre

Mr. Nurre was born in Dubuque, Iowa, in 1951. He moved to Riverside, California in 1962. He attended St. Catherine's Elementary School, Gage Junior High, and Poly High School, graduating in 1970. Mr. Nurre attended Riverside City College for two years of general education then a two year program in dental technology finishing in June of 1975.

Mrs. Kathleen Smith

Mrs. Smith is a graduate of U.C. Riverside where she majored in biology. She received her secondary teaching credential from that school in 1975. Before becoming a counselor, she worked in Area I as a student aide for three years. Mrs. Smith is looking forward to a good year in Pachappa I.

Mrs. Sally Thompson

Mrs. Thompson was born in Brooklyn, New York and lived in a small town in New York State before moving to California. Her father was pastor of a church near Riverside. Mrs. Thompson received her B.A. degree from UCR in 1971. Since then she has been substitute teaching, continuing her education, and last year worked as an intermittent counselor. Her husband teaches retarded children. They have two children: Jeffrey Peter, six years old, and Amy Elizabeth, two years old.

Mr. Scott Vermilya

Mr. Vermilya, a former student at CSDR, started working here as a counselor in May 1976. He is presently assigned to Rubidoux I, a residence hall for Junior High School boys.

After his graduation from CSDR, he attended Gallaudet College in Washington, D.C. and earned his B.A. degree in biology in 1973. While attending Gallaudet, he worked as a monitor for preparatory students and as a substitute teacher.

CSDR Welcomes . . .

New Counselors

DMHU Welcomes . . .

New Counselors — Unit 1

Patricia R. Gotcher, Priscilla J. Vermilya
(not pictured, Mrs. Nancy Bielik)

New Teachers

Front row, left to right:
Richard Scott Oksa, Patricia N. Waters, Jac McBride
Back row, left to right:
Howard Korn, Mrs. Mary Ann Bucceri, Principal

DMHU Welcomes New Teachers

Mr. Howard Korn

Mr. Korn grew up in the New York City area. He received his B.A. degree and secondary certification in English from the State University of New York at Buffalo, and his M.A. in deaf education from Buffalo's Canisius College as a member of St. Mary's School for the Deaf Teacher Preparation Program.

Mr. Korn has worked with pre-schoolers in a Head Start Program, with hearing high school students, with mentally retarded children, and most recently with deaf children.

Mr. Korn is teaching in Unit II.

Miss Jac McBride

Miss McBride has been in California most of her life. Her hometown is in Orinda, California.

She received her B.A. degree from California State University, Chico in speech pathology. She spent one year as a graduate student in audiology. Miss McBride then went to the University of Tennessee where she received her M. S. degree in education of the deaf.

She is teaching in Unit I.

Mr. Scott Osksa

Mr. Osksa is from Westby, Montana. He received his B.S. degree in secondary education at Montana State University. He then went to Lewis and Clark College in Portland, Oregon, where he received his M.A. in education of the deaf.

Mr. Osksa was very active in the theatre for the deaf at Montana State University. He participated in the Theatre of Silence, Signing Minstrels and the Northwest Theatre for the Deaf.

Mr. Osksa is teaching in Unit I.

Ms. Patricia Ann Waters

Ms. Waters received her undergraduate training at Northwestern University where she received her B.S. degree in education of the hearing impaired. She returned to California and taught for one summer at Marlton School in Los Angeles. In the fall of 1971, she enrolled in the graduate program in special education with the emphasis on the education of the deaf and received her M.A. degree in September, 1972.

She taught from June, 1972 to May, 1974 in the Centralia School District at the Walter Knott Elementary School:

While living in Phoenix this past year, she substituted at the Phoenix Day School for the Deaf.

Ms. Waters is teaching in Unit II.

DMHU Welcomes New Counselors

Miss Patricia Gotcher

Miss Gotcher joins the Unit I counseling staff after being a student aide for two years. She graduated from the University of California, Riverside in 1974, majoring in chemistry and biology. She is working in Whitney I with 8 to 10 year old boys.

Miss Linda Kent

Miss Kent attended Mount San Antonio Jr. College and California State Polytechnic University, Pomona, specializing in physical education. During her student teaching at Cypress Orthopedic Elementary School, she became interested in physical education on the elementary level. Later she hopes to pursue this interest. Miss Kent also had the opportunity to coach volleyball, basketball, field hockey and softball at Ontario High School this past year. The last six summers she spent in the San Geronimo Mountains sharing, backpacking, canoeing, nature hiking and arts and crafts with Girl Scouts at summer camp.

She is looking forward to an exciting and rewarding year in Sierra IV.

Mrs. Priscilla Vermilya

Mrs. Vermilya was graduated from the Arizona School for the Deaf in Tucson and attended Gallaudet for several years. She has had experience teaching art to deaf teenagers through the Riverside Parks and Recreation Department. Her husband is also a counselor at CSDR and works in Rubidoux I. Priscilla is working with 6 to 12 year old girls in Whitney IV.

California School for the Deaf, Riverside

Volume 22 October 1976 Number 1

Do You Have a Moment?

We have a big year coming up. A year that is going to be quite demanding, and one that will see a major change in our school administration.

Our Superintendent, Dr. Brill has announced his retirement effective June 30, 1977. He has been our first and only superintendent since the beginning of this school. This school and its successes are a reflection of Richard Brill and it has come to be known as "the house that Dick built."

The time has come around again for our school program to take stock and evaluate its progress over the past five years. For the past 15 years, the High School and Vocational programs have been evaluated. We are now planning to evaluate the entire school program, which will include the Elementary School, Junior High School, High School, Vocational School, Deaf Multi-Handicapped Units, as well as the residence hall programs. This will be a major task and I plan to call on some parents to assist in this evaluation study. Two accrediting committees will assist us in our evaluation. One committee is from the Conference of Executives and the other from the Western Association of Schools and Colleges. They will work together as a team.

Our newly elected PTCA Board has met and has made tentative plans for this school year. One suggestion which I think all of you would enjoy is a day at Disneyland. It would be a special day for the deaf. Another is a planned program on post-secondary opportunities provided here in Southern California for our graduates.

This summer we were able to expand our closed circuit TV coverage to the Elementary School and Junior High School. When all of the installation is complete, we will have a three channel capacity for the entire campus, which will include residence halls.

The drama classes in High School are in for a surprise this year. Through the efforts of Mr. Rutherford, and the ingenuity of our electricians, the Social Hall will have a much improved lighting capacity. Dimmers and banks of lights have been added for special effects.

Yes, there will be lots of things going on this school year. We would like you to be a part of it.

James A. Hoxie
Assistant Superintendent
for Instruction

Former Teachers Win Awards

Dr. McCay Vernon, a professor of psychology at Western Maryland College, and a former teacher and psychologist at the California School for the Deaf, Riverside was given the ninth annual Dan Cloud Leadership Award for his services to the deaf at a recent banquet sponsored by Cal State Northridge's Center on Deafness.

Nanette Fabray presented the award, named in memory of Daniel T. Cloud, former superintendent of the Illinois School for the Deaf. Dr. Vernon, one of the first professionals to demand the use of sign language in education of deaf children, was cited for his work with the deaf as a research and clinical psychologist, teacher and counselor.

At the same banquet, Miss Madeline Musmanno, who taught 23 years at the California School for the Deaf, Riverside received the California Deaf Teacher of the Year Award.

A Frog Goes to Dinner

One night a boy got dressed. He put on his tie. He smiled. A frog, turtle and a dog were in his room. They were sad because they wanted to go to dinner. The boy put on his coat. The frog jumped into his pocket.

The boy said, "Good bye, see you later."

The boy, his mother, father and sister walked into a fancy restaurant. They sat down. The frog was in the boy's pocket. The four people read the menu.

The frog jumped out of the pocket. It jumped near the singers. It jumped onto a man's head. It scared the man. The man fell into a drum. The drum was broken.

The frog jumped onto the table. It jumped into some food. A man and woman sat at the table. The man was drinking his wine. The frog jumped into the man's wine. The frog kissed the man's nose.

The waiter tried to catch the frog. He caught the frog. He carried it out of the door.

The boy said, "Hey, that's my frog!"

His mother said, "Shhhhhh!"

His mother, father and sister were mad at the boy. They went home.

The boy and the frog went to the bedroom. They shut the door. The boy and the frog laughed. They thought it was funny.

Clifford Burville
Room 10

The Six Million Dollar Man

Steve Austin flew an airplane. His airplane crashed. The man was hurt. He got out of the airplane. The airplane exploded.

Steve went to the hospital. He got a new arm. He got a new eye. He got a new leg. He was strong.

The man ran on the grass. He was not sick. He was nice. He said, "Bye, see you tomorrow."

Cliffton Burger
Room 10

Baking a Cake

One day a boy looked at a cookbook. He read the cookbook. He thought of a cake. He licked his lips.

The boy put some eggs, some milk and some flour into a blue bowl. He mixed the cake batter.

The boy poured the cake batter into the cake pan. The dog looked at him pour the cake batter into the cake pan. He put the cake pan into the oven. The dog watched him put the cake pan into the oven.

The boy waited on a stool. The dog waited with the boy.

The boy was shocked. He burned the cake. The dog was shocked. The boy was sad. He ate a peanut butter sandwich. The boy gave the burned cake to the dog. The dog was angry because it did not like burned cake.

Democracy in Action

The national political campaigns have provided a framework within which students in the Junior High School have studied the Democratic system of government. Knowing the difference between facts and opinions is important in order to develop

intelligent decision making skills. In an effort to learn the difference between facts and opinions one Junior High School class conducted a poll to determine which presidential candidate the students supported. The following table represents the results of that poll.

	FORD	CARTER
CLASS A	3	4
CLASS B	4	2
CLASS C	7	1
CLASS D	0	6
CLASS E	4	3
CLASS F	1	6
CLASS G	7	1
CLASS H	8	0
CLASS I	8	0
CLASS J	2	7
CLASS K	5	0

Students were also asked to give reasons for their choice of candidate.

Those who support President Ford gave the following reasons for their choice:

- I agree with his top priorities.
- He will not make many mistakes and change his mind a lot.
- I think he has a good sense of humor and does good work.
- He is smart.
- He is nice.
- He is good looking.
- He is President now.
- He is a good speaker.
- He is good.
- He is a good President.
- He has experience.
- He works very hard.

Those who support Mr. Carter gave the following reasons for this choice:

- He is good.
- He has a big smile.
- I don't know why.
- He is smart.
- He will make good laws.
- He explains things.
- He will help America.
- His wife is nice.
- He wants to be President.

New students in the Junior High School were asked the following questions:

Do you like Junior High School? Why?

Replies included:

I like Junior High School because:

... I like the idea of a Student Body Government.

— John Balser

... I feel more mature.

— Ernie Hernandez

... We have five teachers.

— Eric Dalfrey

... I like P.E. every day.

— Danny Landrum

... The boys and girls are nice.

— Kim Robertson

... I like science and reading and P.E. — Ruth Rodriguez

... We learn a lot.

— Jan Schechter

... I feel older.

— Teri Chance

... I like the dorm.

— Dianna Pauley

One student had a negative reply:

... I do not like Junior High School because we have no recess.

— John Balser

**Junior

ary; Kenneth Tucker,
President; Shelly Freed,
Vice President.*

Each year students in the Junior High School elect Student Body Government officers. The elected officers include the president, the vice president, the secretary and two treasurers. Each class selects a representative to meet regularly with the elected officers and teachers sponsors.

In early October students campaigned for the candidates they supported. All the students in the Junior High School voted and elected the officers for 1976-77. The new Student Body Government officers were introduced to the Junior High School teachers and students at an assembly on October 11, 1976.

Library Media Services

Students in the media skills class complete laminating and dry mounting assignments for teachers.

In Library-Media Services, we are "off and running" . . . running three elective classes (free reading, media skills, and broadcast journalism); running off lots of spirit masters and transparencies on our copy machines for teachers; running the new editing and recording equipment in the TV studio; and running around in circles getting ready for the bi-annual book fair in November.

This year, the Media Center welcomes its first class. Every day, six high school juniors meet to learn various skills involved in the production of instructional materials. For the first two weeks of the term, the students mastered the techniques of dry mounting and laminating. They also learned how to produce color-lift transparencies from magazine photos. Their teacher, Ms. Weiner, reports that the students completed many assignments for teachers in the High School who had requested that their materials be dry-mounted and laminated.

Mr. Gerald Burstein, the Coordinator of the Library-Media Services continues to serve on the selection committee for Captioned Films for the Deaf. At the upcoming meeting this month, Mr. Burstein, as a participant, will preview new educational films and recommend that the committee's selections be added to the captioned films list. The committee will also be evaluating adult education films for the first time.

Our librarian, Miss Johnson, attended summer school at CSUN where she completed a statistics course. After returning to CSDR, Miss Johnson began rearranging the main library with the new furniture that arrived during summer. Miss Johnson is very pleased with her new office which was constructed with portable walls. The old office has been transformed into a workroom for the library science students.

Miss Johnson is now making plans for the Fall Book Fair that will be held November 8-12 during Children's Book Week. Once again, there will be a bookmark design contest for the students in the Elementary School and Unit I in DMHU. Prizes will be awarded to winners.

One important piece of information from our librarian concerns a new service designed to make the public library more accessible to the deaf community. Miss Johnson would like us to be aware of the toll free 24-hour TTY library service provided by the Metropolitan Cooperative Library System. The number to call for library information is 800-352-3498.

CSDR's Educational TV Specialist, Mr. Strahan, informs us that there has been much happening in the TV studio in the past months. Throughout the summer, workmen dug trenches on campus and laid the wires necessary to connect the residence halls to the closed circuit television system. In the near future, the residence halls will be receiving captioned and interpreted programs from the TV studio during the evenings. In addition to this development, new equipment has been added. Television receivers are being placed in the classrooms around the school to receive programming from the studio. Other installations include two new videocassette recorders and an editing machine. These units will increase the studio's production capability.

The broadcast journalism class presented their first news program of the new school year on Friday, October 1. The program was marked by changes in format and also a few surprises.

Elementary School

Elementary School Welcomes 17 New Children

Class A

We have five new boys and one new girl in Class A. Angela Fischer is our new girl. She is five years old and lives in Fullerton. Erick Bartley is six years old. He lives in Santa Ana. Timothy Howard is also six. Tim is from Buena Park. Patrick McNeil is five years old and lives in Glendale. Jeramy Rambeau is from El Centro and is five. Michael Harris is also five years old and is a day student living in Riverside.

David and Darrell

Darrell Saunders and David Shelby are new boys in Class B. Darrell and David are both seven years old. Darrell is a day pupil. He last attended Stanford School in Buena Park. David comes from Bakersfield. He went to school at Kern County Regional Center for the Deaf and Hard of Hearing.

Diana

Class F has one new student. She is Diana Woodson and she is ten years old. Diana lives in Pasadena and has a brother in High School at CSDR. She also has an older brother and sister at home. Diana is the youngest in her family.

Gregory

Gregory Robinson is from Hawthorne, California. He formerly attended the Southwest School for Hearing Impaired in Lawndale, California. He is nine years old.

Sal

There is a new student in Class G. His name is Salvatore Scolaro. His parents call him Sal. So do we.

Sal is eight years old. He lives in Burbank.

Rae Ann

Rae Ann Quevedo is a new girl in the Elementary School. Rae Ann is eleven years old. She lives in Santa Ana, California.

Rae Ann went to Taft School before she came to CSDR.

Pam and Maria

Pam lives in Altadena. She is eleven years old. She went to Longfellow School in Pasadena last year. She has one sister.

Maria lives in Stanton. She is ten years old. She went to Knott School in Buena Park last year. She has three brothers.

Danny

Daniel Good is a new pupil in Class K. He is eleven years old, and has attended school in Chula Vista the last few years. Daniel was born in San Diego. He has three brothers and now lives in Imperial Beach.

Annette

Annette Scolaro lives in Los Angeles. She has attended both Mary E. Bennett and Marlton School in Los Angeles. She is eleven years old.

Allen

A new boy is in Class I. His name is Allen Gagne. Allen is nine years old. Allen was born in Hawaii.

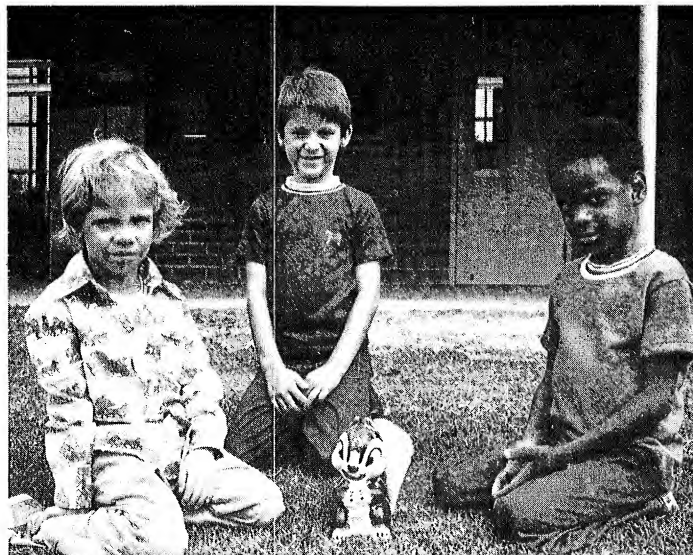

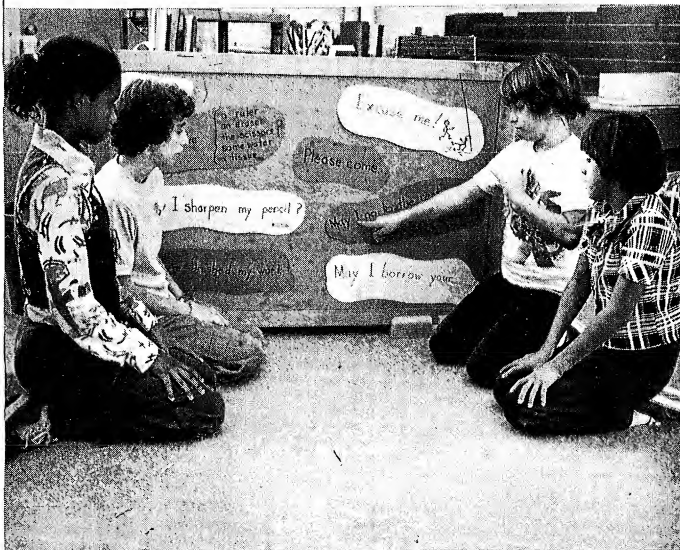

Elementary School

Meet our new students...

Annette Scolaro is talking with Gregory Robinson, Allen Gagne and Diana Woodson in the children's library.

Daniel Good is explaining some classroom rules to Maria Mendoza, Rae Ann Quevedo and Pamela Hardy.

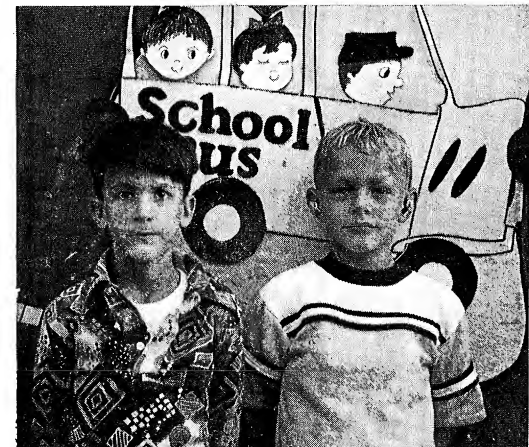

Jeramy Rambeau, Timothy Howard and Michael Harris are making new friends in Class A.

Salvatore Scolaro is looking in old year books to find pictures of his father and two uncles.

Angela Fischer and Patrick MacNeil will soon be celebrating their sixth birthdays.

Darrell Saunders and David Shelby are riding school buses to CSDR now.

Senior Palms

1976-1977 High School

This year the High School has grown to over 275 students. Most of the new students are freshmen and sophomores. The present sophomore class of 86 is CSDR's largest class to date.

In addition to new students, six new teachers are teaching in the High School this year. They have a variety of backgrounds and experiences in several subject areas.

Electives in TV, drama, journalism, communication, individual reading, and study skills are offered as well as a number of vocational subjects.

Our Trip to the East

Late in July my family left home for Iowa in our motor home. Our first stop was the Las Vegas Strip.

Three days later we arrived in Dubuque, Iowa, where most of my relatives live. We stayed there for two weeks, and then we left for Minneapolis, Minnesota, to visit my parents' friends. My parents lived in Minneapolis before I was born. We stayed there for five days. After that we left for Chicago to visit my uncle. We stayed there for the weekend. That city is beautiful.

After that we returned to Dubuque for one more week. We stayed at my aunt's house for a few of our last days there.

We left for home on August 22. We arrived on August 26 to find a mountain of letters! It was a fantastic trip. I enjoyed it so much.

Carolyn Dubler

Our Week Long Vacation

My family and I stayed at Lake Tahoe for three days. My brother and I swam in the lake. The water was very cold. We went back to our motor home. After we ate dinner, we rested and walked around the campground. We stayed in Reno for one night. My father, brother, and I went fishing in the river early in the morning. My brother and I caught some trout. We went back to our motor home to eat lunch. Then we went to Sacramento. We looked around the capitol. It was very nice with a beautiful garden. We went to a beach near San Francisco for a night. We en-

joyed it. We also stayed in Santa Cruz a night. Then we went back home. We had fun on our exciting week-long vacation.

Charles Anderson

Volleyball in Dallas

Last summer, on July 24, right after the FAAD party, my sister, her friend Janet, my brother, and I went home early because we had plans to leave for Dallas at twelve o'clock midnight. We were in a hurry. We were supposed to be there on July 27, but we made it at four-thirty the evening before. We parked the trailer and then sent my sister and her friend to the hotel to be with other friends. Linda is a member of the Gallaudet College volleyball team. The team practiced for one week. My brother and I were just fans. At the last minute, I joined the Hawaiian B-team. I enjoyed practicing with other boys. In the first game, my team played against the Riverside Jr. team. They beat us. The second game was against the Gallaudet College team. They beat us easily. In the last game, we beat Oklahoma. We lost six games, but won three. In first place for the boys' team was Gallaudet College, second was SYVN, and third was the Hawaiian A-team. In first place for the girls' team was SYVN, second was Gallaudet College, and third was Dallas. That night we had a big party. My sister made the Olympic volleyball team, but I failed.

David Tucker

Our Japanese Tour

I had a wonderful time in Japan. Our baseball team, my father, mother, and I flew to Tokyo. On the plane we watched a movie, "Benji", and I played cards with my friend. When we arrived in Tokyo, a bus driver took us to Chiba. We slept in a hotel there. We met some very friendly people who took us many places. They invited us to many restaurants. We traveled through numerous cities. Our baseball record is three wins and three losses. My pitching record is two wins and one loss. My coach gave me a new glove because I was one of four players selected as Most Valuable Player.

Kenny Clark

Sat's Wedding

Sat lived with us a few years ago when he was in high school. He came from Thailand. Last September fourth he invited us to his wedding. He married a girl from the Philippines. Sat's parents didn't agree to this wedding because they wanted Sat to marry either an Indian or a girl from Thailand so they refused to attend the wedding. My sister, Tanya, was the bridesmaid. After the wedding, we went to a reception in a Hawaiian restaurant. I met a deaf man whose wife is a teacher of journalism. Sat's new wife, Anabella, is a journalist, too. We had a very delicious Hawaiian luncheon, and we even had a bit of wine! I like the way Philipino people earn money for their honeymoon. If a guest wants to dance with either the bride or groom, they pin money on the bride's or groom's clothes. After the reception, we saw lots of money pinned on their clothes. They went to Hawaii for their honeymoon.

Kirstin Zimmer

My First Water Skiing Experience

David Tucker invited me to go water skiing over the Labor Day weekend. His mother picked us up on Thursday after football practice. When we arrived at David's home, we started packing things into the boat. After we finished packing about midnight, we left. David's father drove all night to Lake Lopez. I had to sleep in the back seat with David and his brother, Kenny. My back was stiff, and I was not comfortable. We suffered all night.

The next day David woke me up and said, "Look at Lake Lopez." That meant we had arrived. David's father parked the car near a ranger station and went to get a campsite, but the campground was full and we had to wait for some people to leave before we got a place. We waited for two hours. Finally we were able to get a campsite. We pitched the tent. After that David's father took the boat to the marina to put it in the water. David started skiing first. He did it beautifully. Then it was my turn. I had never tried water skiing before. David told me what to do for my first try. I did it fine, but shortly, I fell. David told me my mistakes. On the second try I improved. I really learned fast, thanks to David.

We water-skied for three days. I became a good skier. Finally, we had to leave for football practice.

What a good experience water skiing was for me!

Ethan Bernstein

Camp Taloali

I went to Camp Taloali by plane. When I arrived there, I really liked the camp. The people were fun to be with. We shared a lot of experiences. We enjoyed talking, comparing Washington with Oregon, and the Berkeley school with our school.

The first week I was there, we had many camp activities. One day we went on a seven mile tubing trip. Each one of us had an inner tube and rode the calm but sometimes rapid river. I enjoyed it, but the water was so cold that I was freezing.

We had two pigs at camp. Their names were G and D (Garbage and Disposal). We took them scraps of food and fed them.

During our last week some of the girls and boys went on a backpacking trip to Mt. Jefferson. We had a hard time hiking because it rained and the trail was muddy.

In the evening we enjoyed a campfire; but it started to rain hard. Everyone went back to his tent to keep dry. During the night it rained again. Some of us got up early because our sleeping bags got wet. So we decided to go back to camp.

I enjoyed Camp Taloali because I was able to get away and learn about different environments and meet new people. I love Camp Taloali. You must go sometime.

Susan Parks

Jr. NAD Convention

Mary Droutsas, Sandra Thrapp, and I were 1976 Jr. NAD convention delegates. On the fourth of June, we met at the Los Angeles International Airport at 10:10 p.m. We flew from the Los Angeles airport to the Atlanta airport arriving at 5:00 a.m. We changed planes and flew to Hickory, North Carolina, a beautiful state with green hills and many trees.

When we arrived, we were met by two advisors who took us to their school in Morganton. We entered the Jr. NAD headquarters and met different people. We

(Continued on Page 18)

John Miranda, a High School student, registers to vote.

Election Time

CSDR High School students are beginning to get caught up in the excitement of our national elections. Some of the students are pro-Carter, some are pro-Ford, and many are still unsure of where their sympathies will eventually lie. But we are all following the campaign with interest, and everyone is looking forward to November and the final choice.

Students who will be 18 by November 2nd have been registered to vote in the general election. Those students who are underage are learning about the registration process in their government and social science classes. In this last month before the election, Republican and Democratic campaign headquarters will be set up in two of the classrooms in the High School. Posters, stickers, pamphlets and other campaign materials will be gathered and displayed in these rooms.

On November 2nd a mock election will be held in the High School at CSDR. Students who have "registered" will be permitted to vote for the candidate of their choice. It should be interesting to compare CSDR's straw vote with the actual nationwide results.

CONVENTION —

(Continued from Page 17)

talked and shared ideas about Jr. NAD.

Later that evening we went to the superintendent's home for a reception. Everyone had a splendid time.

We were in meetings for a whole week and I would like to tell you about some of the events.

We had a bicentennial dance and judges chose the finest dancers in a dance contest. It was fun.

The North Carolina Jr. NAD delegates held a parade through Morganton. That was fun, too.

We went to see the Biltmore house in Ashville. It was a beautiful castle and I compared it with the Hearst castle in California. I would say that the Biltmore house is bigger than the Hearst castle.

We watched the selection of Miss Jr. NAD. The competition was exciting. A girl named Joan White from Illinois won the title.

At the end of the Jr. NAD convention, we had a fine banquet and the National Director Mr. Turk, spoke to us. Then Mr. Henderson, the superintendent of the North Carolina School for the Deaf, gave the princesses certificates and awarded trophies. We each got the first place trophy for the poem contest and I won another award as "Mr. Congeniality." Mary got a certificate for participating in the Miss Jr. NAD contest.

It was announced that the Jr. NAD convention will be held in Minnesota in 1978.

It was a thrilling trip for us and we will never forget it.

Skipper Lawrence

Newport Beach

My sister, brother, and I went to Newport Beach. I swam in the ocean and walked on some rocks. I saw a medium-sized starfish. I was afraid to touch it. I saw a girl carrying a starfish. I asked, "Will it bite me?" I felt the starfish and it was hard. I put it on my frisbee and carried it around.

I walked to the pier; then I tried to get the starfish off my frisbee. It wouldn't come off! I told my brother about it and he said that it would come off in the water. Then we tried putting it into the water, but it wouldn't come off. My brother put the frisbee on the rocks and the waves pulled it under the rocks. My brother tried to get it but failed.

Richard Naperala

Vocational Palms

Cabinetmaking

Another long and wonderful summer vacation is over now and it is time for the students in the cabinetmaking class to begin building the projects they will enter in the Indio Fair next February. After carefully selecting a project, the student then begins to make a drawing of it. When the drawing is complete, the student is helped by the teacher in picking the best type of wood for the project.

He then begins to measure, cut, sand, assemble and paint his project. It may take him three weeks or even three months to complete it. It is important for the student to take his time and do the best work he can.

Mr. Carl Stephenson
Cabinetmaking Teacher

Personal Typing

The personal typing classes are off to a good start! Most students have learned their **asdf jkl**; and, as usual, some are dismayed that they have to practice their "scales" before they can have fun "playing the piano." In another month, they will be enjoying their newly acquired skills and laughing at the problems they encountered at the beginning!

The typing students will soon be learning how to change symbols into words. How many of these symbols can you change into words? a) #2; b) 2#; c) 9th; d) $2 + 2 = 4$; e) $2 - 2 = 0$; f) $2 \times 2 = 4$. (Check your answers at bottom of page.)

Mrs. Page Barber
Personal Typing Teacher

Horticulture

On Wednesday September 22, 1976 the horticulture classes went on a field trip to the Los Angeles County Fair, with the intent of accumulating many ideas to be incorporated into student projects. Everything including crafts, flower arranging, landscaping and patios were seen and discussed.

Monday following the fair a large number of cut flowers were donated to us from the Flower and Garden Building at the fair. From these, arrangements were made by each student and given to their favorite teacher or counselor.

Mr. Gary Ashford
Horticulture Teacher

Electricity

Here it is the beginning of a new school year and everyone is returning from a wonderful summer vacation. This year in electricity and electronics two new projects that were developed last year will be part of the regular class work. If the student wishes, he can make either mini-strobe and/or the one-channel color organ.

We are looking forward to having a wonderful and successful time in electricity and electronics classes. Presently we are working on a new project and hopefully will have it developed in a relatively short time.

Mr. Charles Wright
Electricity Teacher

Recipe of the Month

PUMPKIN COOKIES

We think of pumpkins for Halloween jack-o-lanterns or for Thanksgiving pies. Here is a good cookie recipe to make for treats all year long.

$\frac{1}{2}$ t. salt	$\frac{1}{2}$ t. cinnamon
$\frac{1}{2}$ C. shortening	$2\frac{1}{2}$ C. cake flour
$1\frac{1}{2}$ C. brown sugar	4 t. baking powder
2 eggs	1 C. raisins
$1\frac{1}{2}$ C. cooked pumpkin	1 C. nuts
$\frac{1}{2}$ t. nutmeg	1 t. lemon flavoring

Cream sugar and shortening. Add eggs, pumpkin and seasonings. Sift flour and baking powder, stir in raisins and nuts. Add flour mixture to the creamed mixture and beat. Add lemon flavoring. Drop by teaspoon onto a greased cookie sheet.

Bake at 400 degrees for 15 minutes.

The Cover

The cover illustrates an American favorite, the story of "The Headless Horseman of Sleepy Hollow," immortalized by Washington Irving and Walt Disney. Our artist was Tom Divel, whose brother is an important employee at Disneyland.

Answers to Typing Quiz

Two minus two equals zero; (f) two times
four; (p) two plus two equals four; (e)
a number; (q) two squared; (c)

Leisure Time Events

Cub Scout Pack 88

Pack 88 is happy to welcome six new boys into the Cub Scouts. They are Kenny Mayes, Bradley Johnson, Salvatore Scolaro, Gregory Robinson, Jeremy Rasmussen, and David Terrell.

Pack 88 has many enthusiastic boys and all are looking forward to the many activities planned for this year.

Boy Scout Troop 18

Troop 18 is off to a fine start this year, with good officers and a large group of enthusiastic boys. Our officers this year are Glenn Guidice, as Senior Patrol Leader, Javiar Lopez, as Assistant Senior Patrol Leader, and Jeff Howard, as Scribe. These officers will be kept busy helping to plan activities for the 32 boys in troop 18. Included in the planning is not only the weekly meetings, but also our two main events before Christmas. The first will be our trip to Lake Perris in October. There we will have hiking, fishing and a study of the system that brings Southern California its drinking water. The second will be our third annual Camporee, at which we will focus on improving our scouting skills.

Brownie Troop 201

Brownie Troop 201 started the new school year with an unusual project — making beautiful vases from plastic detergent bottles with small leaves mounted on them. The bottles are then sprayed gold and the leaves removed, leaving delicate outlines on the vases. Next the girls went on a nature walk behind the school picking up dried leaves, branches and seed pods. We then made dried flower arrangements in the vases which were then placed around the bedrooms in Rubidoux II.

The girls are looking forward to a nature walk in the UCR Botanical Gardens early in October. Projects for this month will include "stained glass windows" using magic markers and tissue paper and "spider spooks" made with paper cups and pipe cleaners for that special Halloween touch for decorations.

Cub Scout Pack 18

The Webelos Cub Scout Pack 18 have an exciting year ahead of them. They are already hard at work earning their Arrow of Light Award and Activity Badges. Curtis Wyatt started the year by leading the flag ceremony at the first meeting. They plan to visit the San Bernardino County Museum and go on several hikes in the area.

All of the boys had fun catching ants for the ant house in Pachappa I. Alex Zamorez, David Cadwell and Chris Reynolds did an especially good job of catching ants. Dickie Weaver was a big help when the boys did their running and sit-ups for their athletic awards. They also enjoyed planting seeds, and some of the plants are really growing now. They look especially nice in the Pachappa I and Pachappa III bedrooms. The boys sure are having a great time!

Boy Scout Troop 118

This year, Troop 118 is starting another fantastic year of camping and fun in the sun. On October 8-10, a trip is planned for William Heisse County Park in San Diego County. The boys are all really excited and are busy getting the equipment tested and ready. Testing the tents are Clifford Burville, Tracy Savage, and Cliff Burger. Lee Trogden, Lloyd May and Pat Huddleston are checking out the rest of the equipment.

Sports Events

CSDR Football

A prime ingredient to the success of any football program is the ability to motivate a team. Because of the talent available at CSDR, at times, motivation becomes the utmost key for attaining success.

At CSDR we have a five point plan to achieve maximum enthusiasm. In each of the five areas our coaching staff, headed by Pete Lanzi, is geared to bring out the best in each player. The five areas are: (1). Goals (individual, group, unit and team); (2) Incentives; (3) Philosophy (preaching the philosophy of our football program, what we want and what we expect from behavior to attitude); (4) Practice (repetition is the fundamental process); and (5) Principles of desire, faith, imagination, will power and decision making.

The Cubs are fielding a large number of players, one of the biggest in the school's history. Coach Lanzi continues to evaluate each player looking for the best combination. A lot of keen competition is seen daily and this kind of workout enables Lanzi to be able to maneuver players into various positions.

Leading the Cubs this year are the returnees: John Roberts, as quarterback; John Miranda, last year's National Deaf Prep All-American punter; Edward Frazer; Orlando Lugo; Pepe Hernandez; Guy Gomez; Rick Lopez; Scott Butler; Scott Baleski; Danny Everage; Francisco Aceves; Fred Herrera; and Don Lee Hanaumi. Newcomers to the varsity team are: Steve Burns, Dale Lugo, Richard Maddox, and Billy Hunt.

In the first game the Cubs faced the Titans, a powerful and classy team from Notre Dame, and bowed out in a lopsided loss 47-0. Webb school was the second opponent and the Gauls maintained a clean record of never losing a football game to the Cubs with a score of 16-0. The third game provided a thriller between San Jacinto's Tigers and the Cubs with the Tigers coming out on top with a score of 14-12.

1976 CSDR Volleyball

The tryouts for the CSDR girl's volleyball teams were held during the first two weeks of school. Many girls came to try out, and all showed enthusiasm and good sportsmanship. The following girls were selected for the 1976 season:

Junior Varsity: Lori Fisher (co-captain), Lori Jones (co-captain), Tracey Abbey, Nidia Carrillo, Debbie Duff, Libby Hall, Robinette Pires, Colleen Shaw, Antonia Torres, Jeri Whitton.

Varsity: Lori Droutsas (co-captain), Mary Droutsas (co-captain), Ann Kassel Martha Lopez, Cynthia Sadoski, Sandra Thrapp, Kathy Watters, Kirstin Zimmer, Scorekeepers: Carolyn Dubler (junior varsity), Susan Parks (varsity). Managers: June McMahon, Kelly Gibbs.

Some of these girls participated in the FAAD Volleyball Tournament in Los Angeles last summer. At that tournament the girls from Riverside took first place. Last July, four of the varsity girls also went to the tryouts for the Deaf Olympics, held in Dallas, Texas. The girls spent several days in stiff competition with teams from all over the nation. Jill Taniguchi a senior last year, was picked for the U.S. volleyball team that will compete in Bucharest, Rumania in 1977. Mary Droutsas, one of this year's co-captains, is an alternate for the U.S. squad.

CSDR should benefit greatly this fall from the experience gained by these girls. Coach Aletha Emerick and assistant coach Rick Fertig are very pleased with the talent and enthusiasm displayed by both the veterans and the rookies on this year's squads. CSDR should be a tough team to beat this year.

Residence Hall News

Sierra I

We have a new student, Charles Washington from Los Angeles. Some of our other boys recognized him from good times at a summer camp. Welcome, Charles.

Boy Scouts from our dormitory, Clifford Burville, Tracy Savage and Cliffy Burger are all set, equipment-wise, for our camping trip in October in the beautiful surroundings near Julian. They will spend the rest of the week brushing up on their woods lore.

Our annual trek to the Los Angeles County Fair was, as usual, a fun-filled day for all, culminating with a tasty meal prepared by our kitchen staff. Our soccer program is off to a fast start with Robert Hill, Brian Geter, and Criss Venia becoming quite the experts.

Sierra II

Sierra II is happy to welcome the boys back this year. Three new boys have moved into our dormitory this year. They are Patrick Schultz, Damon Wild, and Randy Dinsmore.

Last week we went to the Riverside fire station. Phillip Winney, Danny Peterson, Ronnie Brown, and Lloyd May were fascinated by the many different fire engines and the rescue unit. Bryan Gauthier and Nathan Sneed were the most excited watching the firemen slide down the poles.

Sierra III

The boys came back to Sierra II with happy faces and many exciting stories about their summer. David Blair went back-packing in the mountains and showed us some breath-taking pictures he had taken.

The Sierra III boys had a grand time at the Los Angeles County Fair and Lake Perris. We have been practicing soccer as hard as we can so we will be able to play against teams from other schools here in Riverside.

Sierra IV

Sierra IV is happy to have two new girls with us this year. They are Debra Fox and Reena Madole. Since school has started we have had two excellent field trips — the Los Angeles County Fair and Lake Perris. They really enjoyed the rides and the animal shows, in addition to seeing all the various arts and crafts.

For the first time this year, we are participating in our Units' soccer team. We have three girls who have made the team. They are Tamy Neal, Karen Cross, and Jackie Moore.

Next week we will be starting our cooking class. Many thanks to the kitchen staff for their cooperation in making the project a success.

Whitney I

Whitney I is happy to welcome several new boys to the dorm. Daniel Muvihill and Brian Bailey have joined us from Whitney II. Joseph Knutson is brand new to CSDR and comes to us from Mission Viejo.

September was a busy month for the boys. Activities included a visit to the Los Angeles County Fair, Oak Glen, and numerous projects in the dorm.

Whitney II

Greetings from Whitney II!

We are happy to have three new boys in the dorm. Their names are Jason Brown, Benjamin Rickwartz, and Brett Wills. We started the school year off with two fun activities: going to the Los Angeles County Fair in Pomona and a trip to Lake Perris. Along with school work and fun activities the boys are looking forward to a good school year.

Whitney III

Five of the same boys are in Whitney III again this year. Their names are: Robert Albright, Daniel Davis, Anthony Flanagan, David Maynez, and Robert Nyiradi. Charles DuPont and Chauncey Finch are from Whitney I, and George Tuller is from Whitney II.

We recently went on a reward trip to Jack-in-the-Box and Jurupa Park. The boys are presently saving their money from the weekly word game for our end of the month walk to Gemco.

Whitney IV

Whitney IV would like to welcome two new girls, Rhonda Hennessey and Pamela McEvoy.

September was a very busy month with the Los Angeles County Fair, a field trip to Oak Glen and a birthday party for two girls at Farrell's.

Pachappa I

Pachappa I was happy to welcome ten new students to its residence hall program. They are, Charles Barham, David Cadwell, Larry DeVenny, Allen Gagne, Nicholas Green, Daniel Good, James Meichtry, Teddy Menard, Chris Reynolds, and Alex Zamorez. In addition, everyone is quite happy to see Richard Weaver having recovered adequately from an accident during the early part of this year, return back to school. Welcome back, Dickie!

William Sumrall spent part of his vacation viewing Sea World in San Diego.

Christopher Weddle went to Montana and Idaho, returning to school with unending stories of the many fish he caught.

David Cadwell visited many places, and he even went to Y.M.C.A. Day Camp.

As for Teddy Menard, he was really busy during his summer vacation. Teddy spent hours and hours enjoying the various attractions at Disneyland and Magic Mountain.

Alex Zamorez went to New Mexico on his vacation, joined with his brother and sister-in-law.

Larry Spiva spent his vacation riding his horse and preparing for a parade. In addition, he has a new colt, new cows, and many baby chicks.

Kevin Link went to Shaver Lake with his family and friends. He slept out in the woods in his new tent and caught 28 fish.

Tony Moone and Charles Barham have birthdays during September, with Nicholas Green, Teddy Menard, and William Sumrall having one during October.

Pachappa II

All of the boys seemed excited and happy to return to school after having a long fun-filled summer vacation. Pachappa II is very happy to welcome nine new boys to the residence hall. They are Shannon Rose who transferred from Pachappa III, Jeremy Rasmussen who moved from DMHU, Eric Bartley, Timothy Howard, Patrick MacNeil, Jeramey Rambeau, Greg Robinson, Salvatore Scolaro, and David Shelby. We hope they will enjoy

living in the dormitory and participating in activities throughout the year.

Pachappa II boys recounted many stories about their wonderful summer experiences. Bradley Johnson attended a YMCA deaf camp for one week and had a great time. Also, he moved to a new house. Curtis Whiteley went to day camp with his sister Cindy during the summer and proudly received a Red Cross patch in advanced swimming. David, Fred, and Norman Weiss went to summer school at Marlton School for the deaf for six weeks. They vacationed in Palm Springs for four days and improved in swimming a great deal. Devin Barnes spent one month with his maternal grandparents on a ranch at Gemville, California, and then visited Lake Tahoe for two weeks. He had a great summer. David Terrell has a new stepfather and a new beagle puppy. Gary Render's grandmother from Oklahoma visited Gary's home, and Gary spent most of his time in the family pool. Larry Williams visited Magic Mountain, Enchanted Village and Marineland and went swimming in his pool.

Pachappa III

Pachappa III boys and girls started the school year welcoming many new faces. New to Pachappa III are Johnny Duckworth, Kermit Gratts, Troy Matias, and Angela Fischer.

During the summer everyone was busy. Joey Snodgrass attended a YMCA camp for the deaf, won lots of ribbons on a swim team, and went to Disneyland. John Poncik went all the way to Texas to visit his grandparents. For Labor Day Kermit Gratts went to Puddingstone Lake and caught six crayfish. Matt Weaver had a busy summer, too. He went to Lake Havasu, and to the Grand Canyon. Matt even spent some time in the hospital with pneumonia — we're glad you are feeling better Matt. If you haven't seen Dianah George yet, watch out for her beautiful new haircut. Hector Monsibais was late returning to Pachappa III but we're happy to see him again.

We had two birthdays over the summer. Joey Snodgrass celebrated his birthday August 4th and Matt Weaver's birthday was August 29th. John Poncik also celebrated his birthday on October 22nd.

Rubidoux I

September 12th was an exciting day for all the boys entering Rubidoux I. Most of our students transferred from Pachappa I to Rubidoux I. They all had fun during summer vacation and expressed how happy and anxious they were to be in school again.

John Balser said, "We took an extended vacation to the East Coast and made a Bicentennial tour, visiting New York, Pennsylvania, Virginia, Maryland, Delaware and West Virginia. We also went to Canada and toured the different cities of the 76 Olympia."

Timothy Gonzales states, "We went to the Colorado River in Arizona. I enjoyed the water skiing and my father is teaching me how to drive the boat. We also went to Lake Havasu, but they had flash floods, winds at 90 miles per hour and a power failure."

Eric Haaland states, "I had an enjoyable summer of fun and work for my brother mowing the lawn and cleaning out the swimming pool."

Dominic Vera said, "I went to Mexico City to visit my father and then went back to Los Angeles. August 29th was my birthday and we went to Universal Studios. I saw "Jaws" in the water. It was very real." Jeff Howard visited his grandmother grandfather in Arizona. The weather was hot and Jeffrey did lots of swimming.

Robbi Hunt visited his grandmother in Pismo Beach and had an enjoyable summer.

Rubidoux I welcomes its new boys to the Residence Hall. They are: Erine Hernandez, Michael Westbrooks, Ronald Hesse, and Jason Mizutari.

Rubidoux II

Rubidoux II is happy to welcome three girls who have moved from Pachappa III. They are: Gwendolyn De Aguero, Wendy Younghanz, and Jeannie Zeitler. All of us are looking forward to the Halloween party with the 8th grade Ticktockers.

Summer days are still in the air, Heidi Blackwell had visitors from Germany and her cousins are coming from Germany in October, Jan Lepisto and family motored to Minnesota for a month. Kim Causey

went to Azalea Trails Girl Scout camp. Anna Rodriguez enjoyed camping and fishing with her family, and Shelly Fishburn is tickled about her cat, Miserable, who had cute little kittens.

Rubidoux III

A big hello to everyone from Rubidoux III. We hope everyone had a great summer.

Here are some highlights from summer:

Elizabeth Jurado's family flew to Philadelphia where they visited the Zoo, Valley Forge, the Liberty Bell and Independence Hall. They also, enjoyed a nice visit at Cape May, New Jersey with their grandparents.

Lynne Dunee spent time at the beach in Santa Barbara on a camping trip with her church group. She also, attended Bible School which she enjoyed very much.

Sonia Chadwick enjoyed a Universal Studio Tour, a visit to the Wax Museum and an interesting day at Knott's Berry Farm.

Alice Rodriguez went to Disneyland Newport Beach, Lake Perris, Busch Gardens, and Magic Mountain.

Carole Fullen enjoyed a nice visit with her grandparents at Palm Desert. She also had tutoring and fun trips to such places as Busch Gardens, Disneyland, Redondo Beach, and Balboa Island with friends.

Cecelia Arauza enjoyed lots of movies, went to Disneyland and visited her relatives in Fresno.

Lassen I

Lassen I welcomes back all former students and one new one. Our new boy is David Reyes from Canoga Park. We also had two boys move to Lassen I from our Deaf Multi-Handicapped Unit. They are: Arnando Garza and Brian Denton. We are happy to have them.

Lassen I boys spent their summer in various and busy ways: Chris Kemp went with his family to visit cousins in Maryland for three weeks and to Texas to see some friends for another week. David Perlman flew to New York by himself to see his relatives and stayed for a week. James Russell traveled with relatives to Utah for a week. Jeff Barrett traveled to Nevada with his family to see relatives for a week. Ray Coe worked as a lifeguard at

the municipal pool in Beaumont all summer. Lance Giles traveled to Montana for three weeks with his family. Fred Denstaedt became an uncle over the summer. Fred's sister had a baby boy.

Our birthday boys for September are: Jonathan Kahn and Jeff Barrett.

Lassen II

This year we have eighteen High School boys and thirteen Junior High boys. Some of the boys are new to CSDR. They are: Oscar Eden, Donald Kolb, Darren Lindsay, John Mattmiller, and Ralf Specovius.

Many of the boys had an interesting summer in far away places. Alban Branton, Edward Broeker, and Scott Stonebreaker visited Hawaii. Adam Patterson went with his mother to Hungary. Charles Cordy was in Alaska with his father. James Almarez, Douglas McDonald, and Louls Parker visited the Eastern States.

On October 13th the boys went skating with the Shasta IV girls. One special interest group wants to visit interesting places and will go to Oak Glenn to pick apples.

Palomar I

Paul Hughes and Mike Reed went to Mt. Whitney, here in California. Unfortunately they did not reach the top due to Mike's illness. We wish them better luck next time!

Carl Chavez bought a new, yellow Volkswagen. Congratulations Carl!

John Miranda went to Alaska. He worked in a restaurant and got pay increases every two weeks! Wow! He also went fishing on the Kenai River and personally caught many salmon!

Fred Herrera went camping in the Sequoia National Park with his brother and friends. They swam and fished. He says he had a really good time!

Palomar II

Palomar II welcomes two new day students. Jessie Maiale transferred here from Corona and Christopher Girard from Los Angeles. Welcome to CSDR Jessie and Christopher.

The highlight of the summer vacation for Francisco Romo was going to Hawaii with his sister for one month. Charles Katz considers a trip to Santa Cruz for two weeks with his neighborhood friend Bill as the highlight of his summer. They

visited the famous Boardwalk in Santa Cruz. The most fun that Charles Putvin had was when he and his friends gave a farewell party at Disneyland for his sister before she left for Gallaudet College.

During the summer vacation Maxwell Lawrence attended the Junior National Association of the Deaf convention in North Carolina, visited Gallaudet College and then attended the National Association of the Deaf meeting in Houston, Texas. Maxwell recently reported on this educational and enjoyable trip at the monthly breakfast meeting of the Raincross Square Lions Club which funded the trip.

Palomar III

Palomar III is starting a new year with lots of new faces, and three brand new students to CSDR. Dale Lugo and James Jones are from San Diego, and Steven Burns is from Los Angeles. Dale and Steven are promising football players, both on the varsity team.

September birthdays included Dale Lugo, Michael Peterson, David Reese, and David Tucker. Both Davids shared the same day, the 13th. October birthday greeting are for Pedro Gonzales and Ronald Vaughn.

We are all looking forward to new scheduled activities. It seems that we will again have horseback riding, "Let's Dine Out." fishing, racquet ball, tennis, and maybe more.

Summer has come and gone, but many memories linger on. Chris Chisolm went to the Colorado River with friends fishing and water skiing. How many did you say you caught Chris? Donald Nevins worked for a newspaper and got some good working experience. Leonard Clark had a nice long trip to Texas to visit a sister. He says it was very hot. Frankie Arnold was lucky. He went to Magic Mountain and rode the new roller coaster five times! Richard Maddox says he fell in love again and has a new girl friend. That should keep you busy Richard, what with football and school work. Tony Price had one of the most interesting experiences of all. He was fortunate enough to have gone to the Deaf Olympics in Arizona, and competed in the wrestling matches. He won the first match but had to drop out of the second due to a twisted knee. It

Shasta I

About the middle of June, Linda Lepisto and family drove through many states on their way to visit relatives in Minnesota. During the two weeks they were there, they went fishing many times and caught their limit of Channel Catfish and Black Sunfish. It was difficult to say goodbye to relatives they hadn't seen for a long time and with whom they had such fun.

Sandra Thrapp had a very busy and happy summer. She and her friends rode bikes from Whittier to San Diego. She had a bike accident in which she lost her hearing aid. She thought it fun anyway and plans to ride to Santa Barbara next time. Have you noticed that she lost fifteen pounds during the summer?

Last summer Nanette Schelly and her family went to Alaska in their camper. They stayed up there for three months. While there, she worked at a lodge, and went on a guided tour to majestic Mt. McKinley, where they saw many deer, moose, bear, and foxes. She said it was a wonderful trip and experience, and arrived home just in time to start school in September.

Shasta II

Kelly Gibbs had an exciting vacation this summer by taking a trip on a raft down the Colorado River. They stopped at sandbars for lunch and enjoyed swimming too. The raft was carried on top of the bus the group traveled in until they reached take off point. Beside flat tires and the bus catching fire twice, everyone was ready to do it again.

Vicky Stem and Dorcas Spears went to a Cheerleading Camp where they lived in dorms and had their own keys and meal tickets. Mostly hearing girls were there except for three. They practiced cheers and Vicky and Dorcas taught the other girls signs. Having won some ribbons Vicky and Dorcas were very much surprised when they won the trophy for having the "Most Spirit".

Shasta III

Shasta III has thirteen students who are new to CSDR this year. A big welcome to: Jenne Chalfant, Diana Garcia, Melinda Garcia, Melody Mariani, Marie Mendez, Dinah Mullins, Gloria Murillo, Jo Lynn Valdez, Elizabeth Bermudez, Debbie McHale, Eva Lopez, Thanh Do, and Lezley Brown. We hope they will enjoy going to school here.

Shelly Hefferon visited her grandparents in Sacramento this summer. She enjoyed the two weeks she was with them. She also liked the trip because it was the first time she has ever flown in an airplane.

Cynthia Corley went water skiing several times at San Antonio Lake. Cynthia is becoming a good water skier. She has skied for six years now and can ski very fast.

Shasta IV

Shasta IV girls have spent an active summer, involving a lot of travel and visits to southland amusement parks. Renee Hawkins was lucky enough to visit Sequoia National Park on a family vacation. Connie Nagy and her family vacationed in Stanley, Idaho. Connie did lots of fishing and even landed a five pound salmon. Shelly Freed was able to visit Nott's Berry Farm and Magic Mountain.

Since returning to school, the girls have been equally busy. The entire group traveled to the L.A. County Fair in Pomona, where the girls spent time viewing the displays, petting farm animals, braving the scary rides, and trying their luck at the games of chance. Stacey Musgrove and Kirsten Foy came back with goldfish for prizes.

Activities aside, a sincere welcome is extended to the Shasta IV girls new to CSDR: Mary Diffenbaugh, Lupe Macedo, Dianna Pauley, Anne Stitt, and Jillisa Tuthill.

Come to the Sixth Annual
Book Faire
California School for the Deaf
Library.

November 8-12 1976

*Everybody is welcome to visit during Open House, Nov. 11.
